

SOFYA GRISHKOVA

Full-Stack & Cloud Developer | Software Engineer

Maastricht, Netherlands | Email: sgrishshk@gmail.com | LinkedIn: [linkedin.com/in/grishkova-sofya-borisovna](https://www.linkedin.com/in/grishkova-sofya-borisovna)

PROFESSIONAL SUMMARY

Software engineer with practical experience in modern web development, full-stack engineering, and cloud-oriented systems. Experienced in building scalable web applications, modular frontend architectures, data-intensive interfaces, API integrations, real-time features, authentication flows, component systems, and production-ready UI. Strong frontend focus with hands-on backend exposure across Node.js, Django, SQL/PostgreSQL, MongoDB, Docker, cloud infrastructure, and Agile delivery.

CORE SKILLS

Frontend: React.js, TypeScript, JavaScript, Astro, Vue.js, HTML5, CSS, Tailwind CSS, Bootstrap, Storybook, Zustand/RTK

Backend & APIs: Node.js, Python, Django, REST APIs, GraphQL, WebSocket, authentication flows

Cloud & DevOps: Cloud Development, Microsoft Azure, AWS, Docker, Kubernetes, Portainer, pipelines, deployment workflows

Data & Programming: SQL, PostgreSQL, MongoDB, Java, C++, Rust, JSON, basic Machine Learning

Product & Design: Figma, UI/UX, wireframes, user flows, responsive design, layout design, design systems

Engineering Practices: Git, Scrum, Agile methodologies, code reviews, testing, QA, documentation, teamwork

PROFESSIONAL EXPERIENCE

Full-Stack & Cloud Developer | Nebius

Jun 2026 - Present | Amsterdam, North Holland, Netherlands | Hybrid

- Work on backend and frontend systems for AI cloud infrastructure used in real customer environments.
- Contribute to production-oriented backend development with a focus on scalable architectures and reliable system design.
- Gain hands-on experience with high-performance backend systems, cloud infrastructure, algorithms, data structures, and distributed systems.
- Collaborate with AI, ML, and cloud infrastructure engineers through mentorship, code reviews, and engineering best practices.

Web Developer | INTBIS

Feb 2026 - Present | Moscow, Russia | Remote | Freelance

- Lead frontend and design scope for a profitable B2B startup with 10+ active or shipped projects.
- Own frontend architecture, implementation, UI quality, and delivery across product interfaces.
- Design and build interfaces from UX/UI concepts in Figma to production-ready React components.
- Develop complex UI flows with real-time updates using React, TypeScript, REST, WebSocket, Zustand/RTK, Portainer, HTML/CSS, and Git.
- Conduct code reviews, testing, and quality control for frontend and backend features; collaborate on API design with engineering team.

Full-Stack Developer | Pluxbox

Oct 2025 - May 2026 | Hilversum, North Holland, Netherlands | Hybrid

- Contributed to development and maintenance of a cloud-based software platform for the radio and media production industry.
- Built, tested, and documented software products using JavaScript, TypeScript, Node.js, GraphQL, MongoDB, and Rust.
- Shipped approximately 60% of existing React Storybook components at that time.
- Participated in Scrum ceremonies, including sprint planning, refinements, retrospectives, and demos.

UI/UX Designer & Frontend Developer | DocScout

Jan 2025 - Apr 2026 | Maastricht, Limburg, Netherlands | Hybrid

- Worked in a high-perspective tech startup environment.
- Designed 100% of website UI in Figma from scratch and converted concepts into responsive, interactive web interfaces.
- Built application interfaces using React, JavaScript, HTML, CSS, TypeScript, and Tailwind CSS.
- Improved user experience through clean, modern designs and intuitive features aligned with business requirements.
- Worked closely with the team to ensure high-quality application delivery.

Frontend Web Developer | Kicksharing Central Asia

Jul 2025 - Jan 2026 | Bishkek City, Kyrgyzstan | Remote | Freelance

- Shipped a full website using Astro, TypeScript, and Tailwind CSS aligned with client requirements.
- Collaborated closely with designers and business managers across project delivery.

Founder & Full-Stack Developer | PoKrug

Jun 2025 - Jan 2026 | Moscow, Russia | Remote | Self-employed

- Developed a modern rental marketplace with a focus on clean architecture, seamless UX, and scalable infrastructure.
- Worked across the stack using React, TypeScript, Python, Django, and PostgreSQL.
- Emphasized intuitive interfaces, user flows, and production-ready deployment; shipped the product with the business team.

UI/UX Designer & Frontend Developer | Bauman Moscow State Technical University

Mar 2024 - Jul 2025 | Moscow, Russia | Remote | Freelance

- Worked in the BMSTU ITS-TECH student organization.
- Designed and developed responsive, user-friendly web interfaces for projects such as ITS Reg using React, JavaScript, TypeScript, Storybook, Tailwind CSS, HTML, CSS, and Figma.
- Enhanced UX/UI with modern designs and interactive features for applications such as RS: Frontend.
- Collaborated with the team to deliver functional and visually appealing solutions.

EDUCATION

Bachelor's Degree, Computer Science | Maastricht University

Sep 2024 - Jul 2027 | Maastricht, Netherlands

- Relevant skills: Git, Java.

International Summer Program, Computer Science | Seoul National University

Jun 2024 - Jul 2024 | Seoul, South Korea

- Relevant skills: Python.

Bachelor's Degree, Computer Science | Bauman Moscow State Technical University

Sep 2023 - Jul 2024 | Moscow, Russia

- Activities: student organizations. Relevant skills: Git, C++.

High School Diploma, Mathematics and Physics Focus | Kazan Federal University

Sep 2018 - Aug 2023 | Kazan, Russia

- Grade: 5.0/5.0.

CERTIFICATIONS & HACKATHONS

- Certified MATLAB Associate - MathWorks, issued Apr 2026.
- O! Hackathon (Ostrovok Tech) - Ostrovok, issued Sep 2025.
- Web Development Hackathon (IU5 BMSTU based) - Bauman Moscow State Technical University, issued Oct 2025.
- Web Development Hackathon (IU5 BMSTU based) - Bauman Moscow State Technical University, issued Oct 2024.
- Web Development Hackathon (IU5 BMSTU based) - Bauman Moscow State Technical University, issued Oct 2023.
